

RENAULT
Passion for life

Renault is inspired by India's passion for life.

Over 1.7 lakh happy customers in India | Production capacity of 480,000 cars per year in Chennai
5000 people strong Engineering and R&D centre | 2 global design studios in Mumbai and Chennai
200+ showrooms all over India by end of 2015

The passion you live every day with is the passion that inspires the cars we make.

At Renault, 'passion for life' is a defining approach that helps shape the cars we build. For over 117 years, since the first Renault car made its debut in 1898, passion has been our driving force.

Over 117 years, in 125 countries

Passion for innovation

From designing the world's first hatchback – the Renault 4 in 1961, to inventing the concept of the MPV – the Renault Espace in 1984, Renault has always prided itself on giving new direction and impetus to the global automotive industry.

Design that shapes the future

200+ showrooms by end of 2015

The India story

In 2011, Renault launched its India chapter. A production capacity of 480,000 cars, complemented by an ever expanding sales network, has seen Renault emerge as India's No. 1 European car maker. With six brands already on the roads,

Passion for speed

Formula 1® winning technology

Renault has the distinction of being the only manufacturer to win both the Formula 1® and Formula E world championships. Over the years, Renault powered teams have won the Formula 1® World Championship title 12 times.

Formula E - The future is electric

and the revolutionary Renault Kwid poised to shake up the market, today we're proud to be partnering India's passion for life.

Renault KWID - Unveiled in India, for the world
